3. Selection

The Artistic Direction of the Festival selects the films for the official programme, assisted by a Selection Committee made up of Swiss and international experts.

The Artistic Direction of the Festival reserves the right to choose the section in which the films will be presented.

The Festival may invite films that have not been selected for the official programme to be entered in the Visions du Réel Film Market to be viewed by buyers and professionals. These films are featured in a separate catalogue and can be viewed in the Film Market (VOD service for accredited professionals). The inclusion of these films in the Film Market is subject to a fee.

The films selected for the Festival are included in the Film Market free of charge and buyers and professionals can view them in situ during the Festival and online.
