In order to avoid any conflict of interest in the film selection process: Members of the selection committee who are decision-making collaborators in the development of a film may not take part in discussions concerning it.

8. Confirmation of selected films

Should the Selection Committee find a film of interest, the applicant will receive a preselection notice.

Films that are not selected will receive a refusal notice. However, if they are considered to be of interest for the Film Market, producers will receive an invitation to register the film in the Film Market (see number 4 of these regulations). Notification of final selection (with indication of the section) will be sent to the applicant by the beginning of March 2024 at the latest. The official selection will be announced on Visions du Réel's website on March 19th 2024. Disclosure of a film's selection to third parties is not allowed before that date.

9. Hybrid Festival

In addition to the festival screenings, the Festival presents a selection of the selected films on its online platform (for a broadcast limited in time, duration and geoblocked in Switzerland), in discussion with and after confirmation by the concerned right holders.

These French subtitles will remain the property of the company that produces them (Visions du Réel (an external service provider is mandated by the Festival)).

11.3 Logo on the DCP copy

The producers and distributors of all selected films are required to add the Visions du Réel logo to their final DCP copy (as well as on the online version) and systematically mention, in their promotional material (poster, press kit, trailer, website, etc.), the selection of the film at Visions du Réel, using the official logo supplied by the Festival. Under no circumstances must the logo be modified without the permission of the Festival.

11.4 Deadline for the screening copy

The screening copy (DCP) of the selected film must be uploaded onto Visions du Réel's private and internal server by 15 March 2024 at the very latest. This deadline must be respected without fail in order for the Festival to ensure the best screening and subtitling possible during the Festival.

A film cannot be withdrawn from the Festival once confirmation of its participation in Visions du Réel has been received following the official email notification of its selection.

The applicant will guarantee to have secured clearance from the copyright holders of any copyrighted materials included within the submitted film and any photographs submitted relating to the film for all purposes for which the material will be used, including screening, promotion, press publications and inclusion in the Film Market platform, among other purposes. By submitting the film, the applicant indemnifies Visions du Réel against all claims of copyright, characters, residuals or any similar claims.
